**drückend
mit Prosecure Opti Safe
Normalgestängeadapter**

The technical drawing illustrates the Prosecure Opti Safe Normalgestängeadapter. The side view at the top shows the adapter's profile with dimensions: 130 mm total width, 61 mm mounting bracket width, 70 mm main body height, and 76 mm total height. A note indicates 'i.V.m. Verkleidung mit integriertem Rauchmelder 10mm' (in conjunction with cladding with integrated smoke detector 10mm). The front view below shows the mounting plate with four screw holes (Achsverl. 90, Achsverl. 60, Achsverl. 30, Achsverl. 20) and a standard UK Zarge (lock). Dimensions include 18 mm for the mounting plate thickness, 4 mm for the lock cylinder offset, and 48 mm for the handle offset. The overall length is 386 mm.
